Department of Pathology started in the year of 2002 is adequately staffed, and well equipped with Histopathological, central clinical and OPD laboratories.

Provides indoor and outdoor services to the patients with good quality laboratory services.

Facilities include all components like

1) Routine Haematological investigation

2) Nutritional anemia profile

3) Haemolytic anemia profile

4) Leukemia profile

5) Coagulation profile

6) Cervical Cancer screening methods like pap smear with bethesda reporting,

7) Breast cancer screening – FNAC for breast cancer, biopsy, ER PR, Her2neu.

8) ELISA technique and Rh and ABO incompatibility testing.
Research and training

Faculty in the department is actively involved in academics and research activities.

Completed projects

1) Distribution of ABO and Rh blood groups among blood donors in HSK blood bank, Bagalkot.

Ten year study from April 2002 to March 2012. (45,534 blood donors)

2) Seroepidemiology of HIV, HBV, HCV infection among blood donors in Bagalkot district. A cross-sectional study.

Two year study from January 2009 to December 2011.

On going projects.

1) Clinico haematological profile of leukemia – from Jan 2014 for period of 2 years.

2) Clinico pathological evaluation of carcinoma breast with significance of prognostic parameters. From Jan 2013 for period of 2 years.

3) Cervical cancer screening using BETHESDA system.

To keep abreast with new knowledge, department holds weekly journal club, seminars, clinical case discussion, slide seminar, gross specimen, and autopsy discussion.
**Departmental museum** - The department of pathology has a compact but elaborate museum with plenty of mounted specimens, catalogues including gross and microscopy pictures and charts. The displayed material covers all aspects of general and systemic pathology, overall it is a definite place of learning and interest in our department.

Faculty provides excellent teaching and training in the field of pathology.

**Departmental library** has latest edition books, journals, Indian and foreign, WHO fascicles, monograms and recent advances.

**Future plans:**

First year:

Our department looks forward to expand its services regarding new diagnostic technique

- To upgrade our services
- More and more Research activities
- Cancer screening awareness programmes
- To host CME and conferences in coming year
- Departmental library will be updated.

Second year: department plans to develop basic haematological and histopathological laboratories to teach undergraduate and postgraduate students.

Our efforts are focussed towards

- Excellence in teaching our undergraduates and postgraduates
- Excellence in providing good laboratory services to the patients.
